Information Disclosure Statement

1. The information disclosure statement filed 6/17/04 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because it was filed after 6/16/04 the mailing date of the notice of allowance. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

2. Furthermore, the applicant states that some references were cited in the parent case and some were cited in the communications from a foreign patent office in counterpart foreign applications, but since they are listed in the same 1449 IDS form, it is burdensome for the examiner to clearly distinguish one set of references from the that of the references cited in the foreign patent office.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sang Y Paik whose telephone number is 571-272-4783. The examiner can normally be reached on M-F (9:00-4:00) First Friday Off.
